Policies (Please Read!!!):

- Make-up policy for exams: In order to make up for a missed exam, the student must provide a satisfactory reason along with proper documentation. Usually make-ups are allowed only under extraordinary circumstances.
- Projects: It is YOUR responsibility to turn in your lab projects on, or before, the deadlines as set by the instructor. **IT IS NOT THE RESPONSIBILITY OF THE LAB TA!**
- Late Projects: Late submission of projects will result in loss of points, so please turn in your projects on time! No projects will be accepted after 1 weeks beyond the project's original due date. Everything regarding a project should be settled within 1 weeks of the project's due date. It is always better to let us know if you're going submit a project late. If you let us know ahead of time only 2 percent point loss per day. Otherwise it will be 5 percent per day!
- Though working together is encouraged, the projects must be your own effort. "Duplicate" projects will all receive zero points and possible referral to the Office for Student Conduct.
- All students should read, understand and abide by the University Student Conduct Code <http://www.usc.edu/dept/publications/SCAMPUS/governance/gov03.html>
